Re: MUR 3774
Good Government Committee and Its Treasurer

Dear Ms. Elliott:

Please be advised that I am in receipt of your letter of August 8, 1995, and the accompanying Factual and Legal Analysis attached thereto. While it is true that the Good Government Committee was terminated in January of 1994, and while it is true that the Recommendation contained in the Factual and Legal Analysis states that the file should be closed as to the Good Government Committee, I take issue with the wording of your letter which says that the Commission has found that there is a reason to believe that the Good Government Committee and its Treasurer have violated two (2) USC §§ 433 and 434 of the Federal Election Campaign Act of 1971. The Good Government Committee and its Treasurer deny that statement and hereby request that your letter be amended to delete such a finding. There is no factual or legal basis for that finding even under the information which is contained in the Factual and Legal Analysis attached to your letter. The Factual and Legal Analysis contains no evidentiary findings to support such a conclusion, but rather, is replete with conjecture, speculation and unsupported innuendos. To make such a finding is terribly unfair and unwarranted.

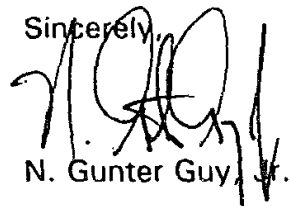

While I am unsure what the ramifications of your letter and your findings are, I nevertheless request that the finding of the Commission as it relates to your letter either be deleted as regards any alleged violation of the Good Government Committee or be changed to find that no violation occurred.
